Made in Italy

I manufatti in gesso Made in Italy sono completamente realizzati a mano da esperti artigiani utilizzando solo materia prime di elevata qualità.

La miscela di gesso ceramico V tipo ideata e testata dalla nostra azienda dona un intenso colore bianco puro ed un grado di microporosità ideali alle fasi successivi l'installazione come stuccatura e pittura.

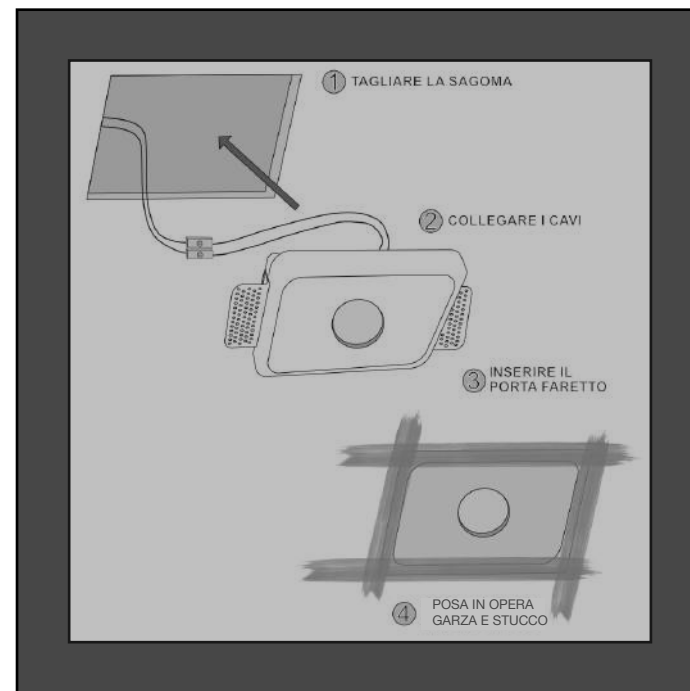

Le alette di blocco sono in alluminio spesso 2mm dalla resistenza elevata, ottime per il fissaggio su cartongessi senza rischio di cedere.

Tutte le confezioni sono complete di molla di blocco in acciaio laccato di bianco e portalampada Gu10 in ceramica.

Per ordini, informazioni sulla merce o consegne rivolgersi al rivenditore indicato nel riquadro in alto

SCHEMA DI MONTAGGIO GENERICO

AVVERTENZA

Prima di installare i manufatti in gesso bisogna staccare la corrente domestica.
